Legal Language Lab

Syllabus

Objectives

Legal terminology, maxims and their usage is important part of legal profession. The mastering of legal language is a continuing process and Legal language lab plays a vital role in the development of legal skills. The modern methods of teaching and learning with the assistance of computer aided technology helps student in acquiring these skills in a barrier free environment at their own speed of learning. The object of legal language lab is to promote students participation in legal language learning exercises and to provide practice sessions with the aid of digital learning technologies.
